Education

LIET Engineering College

Bachelor of Engineering computer Science CGPA of 9.3 (5th sem.)

MLP International school

Studied Physics, Chemistry, Mathematics, and computer science Overall Percentage: 91%

MLP ser. Sec. School

Completed School Education with a percentage of 89.9 %

Alwar (Rajasthan), India

Dec. 2024 – May 2025

Rewari (Haryana), India

Aug. 2020 – May 2021

Rewari (Haryana), India

Aug.2019 – Mar. 2020

Projects

➤ Code Sync - A Realtime hotel booking website

TypeScript, Tailwind, Node.JS, Html, CSS, Mongo db.

- Real-time booking: Developed a system with dynamic hotel management, user login functionality, and real-time availability monitoring.
- Comprehensive Toolset: It offers functionalities such as hotel management (open, edit, save, delete), code execution directly within the editor, syntax highlighting with auto-language detection
- Enhanced User Interaction: Implemented a user-friendly interface with a simple and intuitive login experience.

➤ Bubble Game: a fun, interactive mini target game to enhance user engagement and experience.

Python, JavaScript, Html, CSS.

- Game- Designed and developed an engaging bubble game with smooth mechanics and vibrant visuals to enhance user enjoyment.

➤ Gemini clone website : fully responsive , search on real time , similar UI as Gemini.

- Developed a Gemini Clone web application replicating core features of Google's Gemini AI.
- Integrated Google Gemini API for real-time AI-powered chat responses.
- Built with React.js for frontend and responsive UI design.
- Implemented secure API key handling and optimized state management for smooth performance.

➤ Hangman game project:

- Designed and developed an interactive Hangman game featuring dynamic word generation and adjustable difficulty.
- Implemented core game logic in JavaScript for input validation, progress tracking, and result determination.
- Created a responsive, visually engaging UI with HTML/CSS.

➤ Power BI project: Virat Kohli score dashboard

- Developed a Power BI dashboard visualizing Virat Kohli's career performance statistics.
- Integrated and cleaned cricket match datasets for accurate insights.
- Created interactive charts, filters, and KPIs to track runs, averages, and strike rates.
- Delivered data-driven visual storytelling to highlight trends and milestones in Kohli's career.

Technical Skills

Languages: Python, Frontend (Html, CSS, Java script), SQL (beginner's level).

Developer Tools: ReactJS, Tailwind, NodeJS, MongoDB (beginner's level), MySQL, Postman, Git Hub

Data representation tools: MS Word , MS Excel , MS Power Point , Power BI .

Certificates

- **AI tool Workshop / Certificate by Be10x** 13th April 2024
 - Completed a hands-on workshop on AI tools and technologies, gaining practical experience in real-world applications.
 - Explored key concepts in machine learning, natural language processing, and generative AI tools.
 - Learned to leverage AI tools for data analysis, content creation, and task automation.

- **Mongo DB Essentials / Certificate by Up flairs Pvt. Ltd.** 28th Sep. 2024
 - Learned to design scalable and efficient MongoDB schemas for real-world applications.
 - Built and queried databases using MongoDB Shell and Compass interface.

- **Full Stack Web Development / Certificate by Up flairs Pvt. Ltd.** May - June 2024
 - Completed one-month intensive training in web development, covering both front-end and back-end technologies.
 - Gained hands-on experience with HTML, CSS, JavaScript, and responsive web design principles.
 - Built interactive web pages and dynamic content using modern frameworks and tools.
 - Learned version control with Git and collaborated on code using GitHub.
 - Developed and deployed functional web applications as part of project-based learning.

- **Full Stack Web Development / Certificate of Internship by Unifier Mentor Pvt. Ltd.** 1st July 2025
 - Completed 2-month Web Development Internship at Unifier Mentor Pvt. Ltd.
 - Gained hands-on experience in HTML, CSS, JavaScript, and React.js.
 - Designed and developed responsive, user-friendly web interfaces.
