Education

LIET Engineering College   Alwar (Rajasthan), India
Bachelor of Engineering computer Science CGPA of 9.3 (5th sem)   *Dec. 2024 – May 2025*

MLP International school   Rewari (Haryana), India
Studied Physics, Chemistry, Mathematics, and computer science Overall Percentage: 91%   *Aug. 2020 – May 2021*

MLP ser. Sec. School   Rewari (Haryana), India
Completed School Education with a percentage of 89.9 %   *Aug.2019 – Mar. 2020*

Projects

Code Sync - A Realtime hotel booking website | Code Sync

TypeScript, Tailwind, Node.JS, Html, Css, Mongo db.
- Real-time booking: Developed a system with dynamic hotel management, user login functionality, and real-time availability monitoring.
- Comprehensive Toolset: It offers functionalities such as hotel management (open, edit, save, delete), code execution directly within the editor, syntax highlighting with auto-language detection
- Enhanced User Interaction: Implemented a user-friendly interface with a simple and intuitive login experience.

Bubble Game: a fun, interactive mini target game to enhance user engagement and experience.

Python, JavaScript, Html, Css .
- Game- Designed and developed an engaging bubble game with smooth mechanics and vibrant visuals to enhance user enjoyment.

Technical Skills

Languages: c, python, Frontend (Html, Css, javascript), Sql.
Developer Tools: ReactJS, Tailwind, NodeJS, MongoDB, MySQL, Postman, Git Hub

Certificates

➢ **AI tool Workshop** / **Certificate by Be10x**   13th April 2024
- Completed a hands-on workshop on AI tools and technologies, gaining practical experience in real-world applications.
- Explored key concepts in machine learning, natural language processing, and generative AI tools.
- Learned to leverage AI tools for data analysis, content creation, and task automation.

➢ **Mongo DB Essentials** / **Certificate by Upflairs Pvt. Ltd.**   28th sep 2024
- Learned to design scalable and efficient MongoDB schemas for real-world applications.
- Built and queried databases using MongoDB Shell and Compass interface.

➢ **Full Stack Web Development** / **Certificate by Upflairs Pvt. Ltd.**   May - June 2024
- Completed one-month intensive training in web development, covering both front-end and back-end technologies.
- Gained hands-on experience with HTML, CSS, JavaScript, and responsive web design principles.

- Built interactive web pages and dynamic content using modern frameworks and tools.
- Learned version control with Git and collaborated on code using GitHub.
- Developed and deployed functional web applications as part of project-based learning.
